## Principal's Corner

Although we had a 'False Start' to Term 3 with a Lockdown 😊, students have been resilient and generally settled. We are thankful to YOU, our community, for your flexibility and understanding with postponements and cancellations.

Thank you for understanding that we too are new at dealing with a Pandemic and dozens of decisions have to be made with very little time on top of our normal duties.

Many staff actually worked more hours than normal for Home Learning to ensure your children had positive experiences and learning continuity. It would be a great opportunity during Parent – Teacher Interviews **next week** to let them know that they are doing a great job!

## Welcome to Westport Miss Lean

Dear Westport Community, my name is Caitlin Lean and I am very excited to be working as Shadow Principal for the rest of 2021, alongside Rebecca Huddy in a new Department Leadership program. For the last 3 years, I have worked as a Senior Adviser, leading the implementation of Interoception across the state (you may have heard about Interoception from your child, as Westport PS runs a very successful whole school approach). Previous to that role, I was a Deputy Principal and also a Reception teacher. I am very excited to get to know all of the beautiful students and learn about creating a culture of high expectations, community collaborations and a targeted approach to continual improvement (with lots of fun along the way!) Please feel free to say hello if you see me around. 😊

Dear parents, guardians and carers

**Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)**

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the *Disability Standards for Education 2005*, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy \(https://www.education.gov.au/privacy-policy\)](https://www.education.gov.au/privacy-policy).

Further information about the NCCD can be found on the [NCCD Portal \(https://www.nccd.edu.au\)](https://www.nccd.edu.au).

If you have any questions about the NCCD, please contact the school.

Kind regards

**Principal**
